

# AIR CLASSICS<sup>®</sup>

## HS-1A Headset

- Ear seals of high-density acoustic foam provide best passive noise attenuation
- High fidelity speakers for clear, natural sound
- Electret, noise-cancelling mic reduces background noise and allows clearest voice transmission
- Gold-plated mic and headphone plugs ensure best connection and resist corrosion
- High grade multi-strand tensile wire improves cable life
- Stereo/mono capability
- Large, dual controls for quick, easy volume adjustment for each ear in stereo mode
- Microphone muff
- Adjustable stainless steel headband with easy thumb screws for maximum comfort, eliminates "hot spot" and accommodates eyeglasses and any head size
- Quality ear seals and light weight add to overall comfort
- Sturdy, high-quality and reliable—yet reasonably priced for maximum value
- Lifetime warranty

## Instructions:

The STEREO/MONO switch is located on the headset chord. Most aircraft radio/intercoms have only MONO capabilities requiring your headset be set on MONO to hear sound from both earphones (left and right). Visit [asa2fly.com/hs1](http://asa2fly.com/hs1) for more information.

Lifetime  
Warranty
