UPDATE

ACS Companion Guide for Pilots

The FAA issued Change 1 to FAA-G-ACS-2 (Airman Certification Standards Companion Guide for Pilots) in September 2024 with the below changes. This update applies to all pilot ACS titles from ASA.

Foreword:

- *Revise the third paragraph to read:*

  This guide and the ACS are available for download from www.faa.gov/training_testing/testing/acs.

Section 2:

- *Remove the duplicated paragraph in the "ACS Archived Test Codes" subsection of Section 2.*

Section 5:

- *Add to the list of References:*

  14 CFR part 73, Special Use Airspace

- *Remove from the list of References:*

  AC 00-03C, Clear Air Turbulence Avoidance

  SAFO 19001, Landing Performance Assessments at Time of Arrival
