

UPDATE

The Flight Instructor's Manual

This document revises the sixth edition (ASA-FM-CFI-6), published in 2017.

As mentioned in the Introduction to this edition, the CFI Practical Test Standards (PTS) were scheduled to be replaced by the more comprehensive Airman Certification Standards (ACS) after the book went to press.

Replace any reference to the PTS with the corresponding reference from the *Flight Instructor for Airplane Category Airman Certification Standards* (FAA-S-ACS-25).

The ACS is thorough and well laid out. The applicant should be familiar with all of the Area of Operation content and with the three Appendices.
